ORMO ricambi

Ormo ricambi company.

Ormo ricambi from 2014 continues the technical and commercial line started by the founder Silvano Gori in the field of offset printing machines in 1972.

It is specialized in production and improvement (with updates and modifications) and sale of spare parts for the series produced by Manroland, Heidelberg, KBA-Planeta of old and recent construction.
From the experience **Ormo srl** continues the supply of spare parts and carries out the overhaul of the wagon carriages produced by Manroland until 1996.

The production of spare parts for the sheetfed offset machinery field propose a wide offer of spares; original parts (electronic boards, pneumatic, devices etc.) and many of them making with a collaboration of external hi-level specialized workshops.

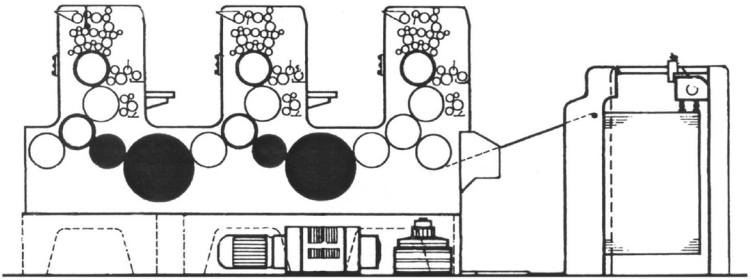

Supplies for Italian and international printing shops high-level mechanic and electronic technicians with a consolidated relationship over the years of **ORMO*** experience.
